Health Care Professionals Focus Groups

The Cancer Legal Resource Center (CLRC) is committed to providing health care professionals with useful information about cancer-related legal issues that many of their patients face as a result of a cancer diagnosis.

While we recognize that it should not take legal resources to access health care, understand insurance options, or preserve one's job, it frequently does. When information is readily and easily accessible, we believe the quality of outcomes for patient survivorship improves.

We are inviting health care professionals to take part in a one-hour focus group to identify what types of training and resources would be most beneficial for their patients, their colleagues, and themselves. Participants will also learn about CLRC services and recent legal updates.

Chicago Focus Group

Wednesday, July 21, 2010

5:45pm – 6:45 pm (CST)
