Webinar/Teleconference Series

Access to Health Care and Navigating Insurance

The Disability Rights Legal Center (DRLC) is committed to providing health care professionals and individuals with disabilities useful information about getting, maintaining, and accessing health care coverage.

While we recognize that it should not take legal resources to access quality health care or understand insurance options, it frequently does. When information is readily and easily accessible, we believe the quality of health care outcomes improves.

We invite you to participate in a 90 minute seminar to better understand your legal rights and how to become better health care consumers and advocates.

You can participate by phone or online from the comfort of your home or office!

Learn about:

- Health insurance options available to people with pre-existing medical conditions
- State and federal laws that help to eliminate the physical and programmatic barriers to obtaining healthcare
- Effective ways to deal with your health insurance provider to get the care you need

2010 Teleconference/Webinar Dates

April 6th - 11:30am-1pm Register: <https://www2.gotomeeting.com/register/630348347>
